

## WARRANTY PROTECTION YOU CAN'T GET ANYWHERE ELSE!

The only program of its kind in agriculture, the Cenex Total Protection Plan® Used Equipment Warranty covers specified components and injection pump parts of covered agricultural tractors, combines, cotton pickers/ strippers and telehandlers up to 8 years or 8,000 hours.

The Cenex Total Protection Plan Used Equipment Warranty is available through authorized Cenex® Distributors.

### USED EQUIPMENT COVERAGE

#### DIESEL ENGINE AND/OR INJECTOR PUMP WARRANTY COVERAGE AVAILABLE FOR TRACTORS (25+ HORSEPOWER), COMBINES, COTTON PICKER/ STRIPPERS AND TELEHANDLERS

Component	Covered Fluid	Coverage Term
Diesel Engine	Maxtron® Enviro-EDGE®, Maxtron® DEO, Superlube TMS® or Superlube 518®	8 years/8,000 hours
Diesel Injection Pump* Only	Cenex® Ruby Fieldmaster® products up to B15	8 years/8,000 hours

\*Cenex Total Protection Plan® for these Components is available only through authorized Cenex® Ruby Fieldmaster® Distributors. Engine-only coverage can be available if Cenex® fuel is not available.

#### EXPANDED COMPONENT COVERAGE WARRANTY AVAILABLE FOR TRACTORS (25+ HORSEPOWER) AND TELEHANDLERS

Component	Covered Fluid	Coverage Term
Diesel Injectors*	Cenex® Ruby Fieldmaster® products up to B15	5 years/5,000 hours
Diesel Injection Pump*	Cenex® Ruby Fieldmaster® products up to B15	8 years/8,000 hours
Trans/Hyd/ Final Drive	Maxtron® THF+, Maxtron® Power Transmission Fluid MV, Power Transmission Fluid, Qwiklift® HTB®, BioMax™ THF or Circle3® STOU Fluid	8 years/8,000 hours
Hydrostats	Maxtron® THF+	8 years/8,000 hours
Hydraulics	Maxtron® THF+ or Qwiklift® HTB®	8 years/8,000 hours
Differential/ Hubs	Maxtron® GL or MP Gear Lube	6 years/6,000 hours

\*Cenex Total Protection Plan® for these Components is available only through authorized Cenex® Ruby Fieldmaster® Distributors.

#### Coverage Length

Equipment is covered until it reaches specified years in service from date of manufacture or it accumulates specified hours, whichever occurs first.

*For example, for 8 years/8,000 hours of coverage, if your equipment has accumulated 2 years/ 1,400 hours, the remaining coverage is 6 years or 6,600 hours.*

**IMPORTANT:** The used equipment protection plan requires two, approved LubeScan® oil analysis fluid samples within 24 months to verify equipment is in good condition before the plan is activated.

**Please note:** The use of Cenex® Ruby Fieldmaster® within the protection plan includes the use of Cenex® Ruby Fieldmaster® Seasonally Enhanced and Cenex® Wintermaster®.

#### Winter-blending Ruby Fieldmaster®:

When #1 Ruby Fieldmaster® is available, Cenex Total Protection Plan® holders are required to use this product when blending with Ruby Fieldmaster® for seasonal purposes. The use of an untreated #1 distillate with Ruby Fieldmaster® may void your coverage.

## USED EQUIPMENT APPLICATION AND APPROVAL PROCESS

### USED EQUIPMENT WARRANTY

#### Application Qualifiers

USED Equipment is defined as equipment that:

- Does not meet the requirements of “New”
- Has less than 8 years and 8,000 hours of service
- Has a minimum of 25 horsepower (diesel only)

Coverage Levels Eligibility:

#### Used Equipment **Basic Coverage:**

Up to 8 years old from date of manufacture or 8,000 hours, whichever comes first

#### Used Equipment **Expanded Coverage:**

Up to 2 years old from date of manufacture or 2,000 hours, whichever comes first

#### Application Process

1. Complete and sign the Used Equipment Warranty Application and Agreement of Responsibility (the “Application and Agreement”) at the back of this booklet.
2. Arrange for an Authorized Cenex® Distributor representative from your authorized dealer to:
  - Assist you completing an identification inspection of the equipment to be covered, and include a LubeScan® engine oil sample for submission to CHS. If applicable, also submit LubeScan samples for the transmission and/or hydraulics if applying for Expanded Coverage. LubeScan Used Oil Analysis sampling kits are available from your Authorized Cenex Distributor.
  - Verify date of manufacture of equipment and accumulated operating hours.
3. Work with your Authorized Cenex Distributor representative to submit the Application and Agreement and a check for the warranty fee of \$399. As the warranty applicant, payment must come from you. In addition, work with your representative to submit the engine oil sample to CHS.

CHS reserves the right, in its sole discretion, to approve or disapprove any Application and Agreement submitted for approval.

4. CHS will test and analyze the fluid sample. If no evidence of mechanical defects in lubricated-covered components is detected, the equipment will begin a 100-hour screening period during which the equipment Operator agrees to:
  - Replace all applicable covered fluids with approved Cenex products.
  - Operate the covered equipment in a normal fashion, in normal operating conditions.
  - Submit a second engine oil and/or transmission/hydraulic fluid sample(s) (following the 100-hour screening period) to CHS for analysis.
5. CHS will review the second set of fluid samples along with the Application and Agreement and notify you if the second set of fluid samples are approved by sending you an Approval Welcome Kit detailing your coverage and tools for maintaining your warranty coverage. A Used Equipment Warranty number will be assigned for use in identifying oil samples and to expedite related correspondence.
